

<b>Student Name</b>				
<b>Module 1</b> Simulation Real Life RN Medical Surgical 2.0 Clostridium Difficile				
<b>Module 2</b> Simulation Communicator Technique Identifier: Client experiencing aphasia				
<b>Module 3</b> Simulation Real Life RN Medical Surgical 2.0 Urinary Tract Infection				

<b>Student Name</b>				
<b>Module 4</b> Simulation Communicator Technique Identifier: Client undergoing surgery				
<b>Module 5</b> Simulation Real Life RN Medical Surgical 2.0 Kidney Disease				
<b>Module 6</b> Simulation Communicator Technique Identifier: Client discharge planning				

<b>Student Name</b>				
<b>Module 7</b> Simulation Real Life RN Medical Surgical 2.0 GI Bleed				

<b>Student Name</b>				
<b>Module 1</b> Simulation Real Life RN Medical Surgical 2.0 Clostridium Difficile				
<b>Module 2</b> Simulation Communicator Technique Identifier: Client experiencing aphasia				
<b>Module 3</b> Simulation Real Life RN Medical Surgical 2.0 Urinary Tract Infection				

<b>Student Name</b>				
<b>Module 4</b> Simulation Communicator Technique Identifier: Client undergoing surgery				
<b>Module 5</b> Simulation Real Life RN Medical Surgical 2.0 Kidney Disease				
<b>Module 6</b> Simulation Communicator Technique Identifier: Client discharge planning				

<b>Student Name</b>				
<b>Module 7</b> Simulation Real Life RN Medical Surgical 2.0 GI Bleed				

<b>Student Name</b>
